

STEM OUTREACH PROGRAM

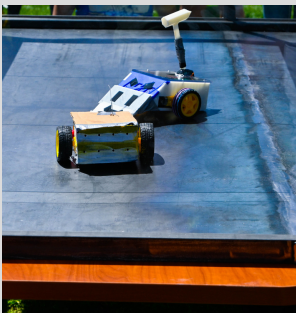

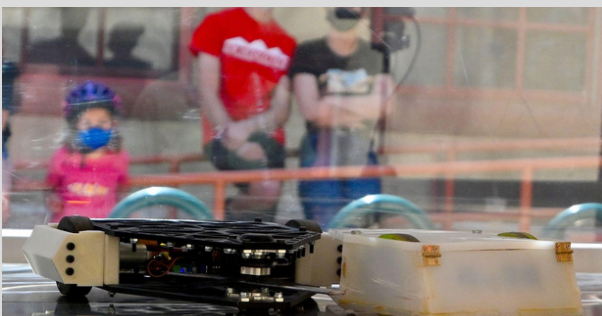

NMT HAS TEAMED UP WITH NM MESA

NMT's Mechanical Engineering department has been actively engaging with the community by providing STEM education programs to high schools across the state. If interested in any of these programs or if we can provide assistance in a STEM oriented manner, feel free to inquire.

See NM MESA Agreement for Full Details

- Robot Combat Competition: held in Spring and Fall
- Guided and DIY workshops
- Remote workshop sessions with NMT students available
- Robotics and Arduino education
- In-person workshop planned for Spring
- ***Supplies are provided per agreement \$150.00 per bot***
