

AMP CONFERENCE 2022

AVAILABLE TO NM MESA HIGH SCHOOL STUDENTS:

This conference is an excellent opportunity for our NM MESA high school students. The conference provides the opportunity each fall for our students to observe college students presenting their research, network with other students and with faculty, and attend college level workshops. The focus on professional development provides students exposure to workshops, poster presentations, and excellent speakers.

NM MESA has a total of 50 student spots. 3-4 small groups (suburbans) will be approved from our Statewide Regions and the remaining spots will be awarded to the Southwest Region.

WHAT IS PROVIDED?

- Transportation
- Meals the day of the Event, Dinner the night before for Overnight Attendees
- Lodging for non-SW distant regions

TIME:
7:30AM-4:00PM
