HOW DO WE SERVE?

Public Ed.

Elementary

Mentorship

For students to develop mastery of challenging content, problem solving, effective communication and collaboration, self-direction, and STEM learning, teachers must employ sophisticated forms of teaching. Effective development is essential to learning and refining the padagogies required to teach these skills.

STEM ENRICHMENT NM MESA's organizational mission is to empower and motivate New Mexico's culturally diverse students with science, technology, engineering, and math (STEM) enrichment. Through activities, exposure, and partnership MESA strives to be the leading STEM support system.

LEADERSHIP DEVELOPMENT

NM MESA encourages and supports students to take active roles in their education and develops students to lead with excellence and integrity. This creates a culture of ownership, collaborarion,

NM MESA thrives through the support of the communities in which they reside. Students learn to reflect on their individual experience while adressing human and community needs to develop personal and social responsibility.

COMMUNITY

SUPPORT

SECONDARY EDUCATION PREPARATION NM MESA prepares students with the skills needed for post secondary success. Students are able to gain critical exposure to the rigor and value of continued education through a suppose full advantaged pipeline.

The vision of NM MESA is to create diverse, well-educated, professionals who reach their full potential as leaders through math, engineering, science, and technology achievement. NM MESA is "Building Tomorrow...Today" by developing a future workforce of STEM leaders.
