

AMP CONFERENCE 2024

AVAILABLE TO NM MESA HIGH SCHOOL STUDENTS:

This conference is an excellent opportunity for our NM MESA high school students. The conference provides the opportunity each fall for our students to observe college students presenting their research, network with other students and with faculty, and attend college level workshops. The focus on professional development provides students exposure to workshops, poster presentations, and excellent speakers.

NM MESA has a total of 35 student spots. Priority will be given to the Southwest Region, but small groups (suburbans) can be approved from our additional Statewide Regions.

WHAT IS PROVIDED?

- Transportation
- Meals the day of the Event
- Lodging for non-SW distant regions
- Earn multiple activity credits

TIME:
7:30AM-4:00PM

EACH ATTENDEE (STUDENT & TEACHER) REGISTER AT:
