

Intel / Golden Apple STEM Teacher Grants

New Mexico public school STEM (Science, Technology, Engineering and Math) teachers in grades five through eight are invited to submit a proposal to the Intel/Golden Apple STEM Teaching Grant Program.

A clearinghouse of applications and completed projects will promote math and science lessons or teaching techniques that include math and science learning will be available at www.goldenapplenm.org to support, record and share creative STEM teaching initiatives. These lessons will be licensed for the Creative Commons and kept in the public arena for free online access in the interest of bettering education.

Application Guidelines

Proposals for unique or innovative lesson plans that can be implemented in fall 2015 will be considered. Projects that have the potential for school-wide or district-wide scalability are highly favored. Lessons that could otherwise be funded through routine or recurring funding sources are discouraged. Accepted and qualifying applications will be considered for a grant of up to \$1,000, payable to the school. Please note:

- Only one application per teacher is accepted.
- Only one application per classroom is accepted.
- Although teachers from the same school may apply, only one grant at a school will be awarded.
- Recipients of the Golden Apple Award for Excellence in Teaching are not eligible to apply.

The Selection Committee, which has sole responsibility for determining which projects will be funded, is comprised of Intel volunteers and Golden Apple recognized teachers. Applications can be submitted between June 1 and June 30 of 2015.

How to Apply

Between June 1 and June 30, 2015, teachers should submit by email the application [[link to application here](#)] which describes the lessons, goals, and budget. In addition to the lesson information, teachers should also submit a one to two minute video introduction of the original lesson plan idea and post it to YouTube or Vimeo or some other common video forum. The application [[link to application here](#)] provides more detail about the video. Applicants agree to keep their project posted on the web from the initial point of submission to which Golden Apple may link for up to five years.

Please email the three page document and the video link to betul@goldenapplenm.org between June 1 and June 30. Submissions prior to June 1 and after June 30 will not be considered.

Notification

Applicants will be notified by August 15th. If you are awarded a grant, proof of the principal's support will be required in the form of a signature.

Questions? Please email betul@goldenapplenm.org or call Golden Apple Foundation of New Mexico at 505-268-5337.

Intel / Golden Apple STEM Teacher Grant Application

Applicant Information

Teacher Name _____ Teacher Email _____

Teacher Cell Phone _____

School Name/District _____

Grade(s) Targeted for Grant _____

Principal's Name _____

School Address _____ School Phone Number _____

Project Title _____

Dollar Amount Requested _____ Number of Students Impacted _____

What to Submit

Written Description of the Lesson and Budget

On a maximum of three [3] additional pages [typed, double spaced, no less than 10 point font], please respond to the following:

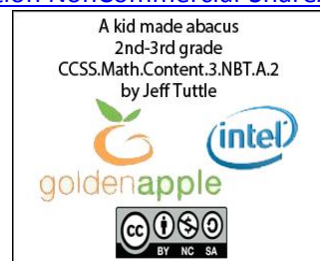

- Please provide an overview of the lesson including how you will share the lesson within your school and district.
- Please describe the students' intended learning experience and how knowledge or skills gained will benefit them.
- Describe the academic standards to be addressed by the project and how the standards will be incorporated into student learning.
- Identify any school or classroom goals that will be impacted by this project
- Please provide a clear and concise budget for use of the funds. If the lesson costs exceed funding received from the Intel/GAFNM Teacher Grant Program, please provide information about how additional funding will be obtained.

Video of the Lesson

Please prepare and submit a one to two minute video demonstration of an original lesson plan idea and post it to YouTube or Vimeo or some other common video forum. The opening frame of the video, or beginning of the video (which could be a .pdf or .jpg) should include the following:

- Teachers Name
- Lesson plan grade level
- Common Core standard that best applies to the lesson
- Intel and Golden Apple logo and the [Creative Commons Attribution NonCommercial-ShareAlike license](https://creativecommons.org/licenses/by-nc-sa/4.0/)

Here is an example of what the poster frame could look like:

Where to Submit Please email the three page document and the video link to betul@goldenapplenm.org between June 1 and June 30. Submissions prior June 1 and after June 30 will not be accepted.
